IT'S FINALLY HERE! The fiber optic installation for Navajo and Pinon Hills will start this week (JKL Construction out of Montana). There may be construction vehicles and construction workers in the roadway, **use caution while driving** – watch out for the workers. SLOW DOWN PLEASE for their safety.

During the installation, if you notice any loss of water pressure, or drop in water pressure, please contact our office as soon as possible –
CALL: 719-738-3130, Option 3 Water Operator.

This fiber optic installation will bring many benefits to Navajo particularly in areas like telecommunications and data networking. Here are some key advantages: Higher Bandwidth, Faster Speeds, Longer Distances, Improved Signal Quality, Greater Capacity, Security, Future-Proofing, Reduced Latency, Durability and Reliability of the cables, Lower Signal Degradation, Smaller Size & Weight of cables.

The time frame is unknown when they will complete the job.
